

OTE 86-1217

5 December 1986

MEMORANDUM FOR: Chief, Configuration Control Management Staff,
OL

FROM: [redacted] Executive Officer,
Office of Training and Education

SUBJECT: Configuration Requirements for OTE Space in
the New and Existing Headquarters Buildings

Per our conversation, the Office of Training and Education will require certain unique configuration details in classrooms and other space dedicated to this Office in the new and existing Headquarters buildings. At such time as it is appropriate, representatives from OTE would like to meet with individuals planning this space to delineate these requirements. In particular, various rooms will require unique electrical power supply, communication lines to the central computer, and possibly raised floors. I can be reached on [redacted] at the [redacted] Building.

cc: All OTE Division Chiefs
